

Many thanks to IJABE Section Editors, Editorial Members and Peer Reviewers

IJABE would like to take this opportunity to sincerely thank all the section editors, who contribute their valuable time to organize, monitor and process the peer review of manuscripts assigned to them. Their selfless dedication and support make great contributions to the high quality and impact of IJABE across the world.

IJABE would also like to thank all of our editorial board members, who kindly agree to serve on the editorial board and mostly referee up to three manuscripts per year.

IJABE would especially like to thank those individuals listed below, who most generously agreed to referee manuscripts for us during the past year. While every effort has been made to include everyone, we apologize for any oversight; please do let us know if we have missed you so that we can update our records.

The assistance, support and expertise of these professionals promote and maintain the high quality of the journal's content, resulting in IJABE's status as a leading publication in the field.

If you enjoy reading and critiquing manuscripts and have an interest in maintaining the high quality of IJABE, please consider joining the Peer Review Panel. Reviewers must be available for at least one year and be able to work online. For consideration, please send your resume or curriculum vitae to ijabe@sina.com.
