A Fast Growing New Journal

Up to date, IJABE has been covered and indexed by over 20 international indexing and abstracting databases, including Ei Compendex, CA, CSA, INSPEC, Abstract Journals (VINITI RAN), AGRICOLA, AGRIS, Scopus, SCImago, OCLC, ProQuest, Index Copernicus, Google Scholar, CAB International, CAB ABSTRACTS Full Text Select, Colorado Alliance of Research Libraries-Open Access Digital Library, EBSCOhost---Academic Search Complete, Academic Search R&D, Academic Source Complete, and Food Science Source, Socolar, etc.

International Journal of Agricultural and Biological Engineering (IJABE, www.ijabe.org) is a peer reviewed open access international journal. IJABE publishes original, innovative, and integrative researches of great significance and relevance in all the concerned areas of agricultural and biological engineering. IJABE, started in 2008, is a joint publication co-sponsored by US-based Association of Agricultural, Biological and Food Engineers (AOCABFE) and China-based Chinese Society of Agricultural Engineering (CSAE). The ISSN 1934-6344 and eISSN 1934-6352 numbers for both print and online IJABE have been registered in USA. Now, Int. J. Agric. & Biol. Eng (IJABE) is published in both online and print version.

IJABE has been listed on the world's biggest online OA journals platform Directory of Open Access Journals(doaj.org), J-Gate(<http://jgate.in/>), and also Ulrich's Periodicals Directory. Most importantly, according to the latest statistics from Thomson ISI Web of Knowledge till Nov. 23, 2013, in the databases of Web of Knowledge, 195 papers published before the end of 2013 were found, and the sum of times cited reached 286, with the times of the most-cited papers reaching 77, which was published in IJABE in 2009. Average citation per item is 1.47, and h-index is 7.

The journal adopts an Open Access policy which makes the articles freely accessible online immediately upon publication. With this policy, the journal can reach a broader spectrum of readership. With many renowned scholars from near 50 countries on our editorial board and an efficient manuscript management system, we offer fast review and decision making procedures and publish papers online immediately after they are accepted. We welcome submissions from all over the world.

Topics include but not limited to

- Power & Machinery System (PMS)
- Bio-environmental Engineering (BEE)
- Renewable Energy System (RES)
- Agro-product & Food Processing Engineering (AFPE)
- Land & Water Engineering (LWE)
- Information & Electrical Technologies (IET)
- Emerging Science, Engineering & Technologies (ESET)

Types of Submissions

- Research Articles
 - Reviews
 - Perspectives
 - Commentaries
 - Brief Communications
 - Book and Media Reviews
 - Corrections
 - Correspondences
-
- ⊙ Convenient Online Submission
 - ⊙ Fast Review and Decision
 - ⊙ Free Color for Online Publication
 - ⊙ Free Online Access Globally
