

Welcome to publish with IJABE (JIF 2.4) in Q2

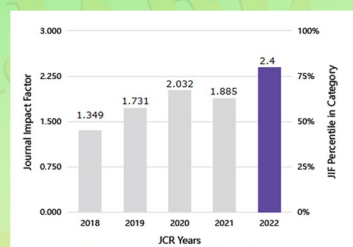

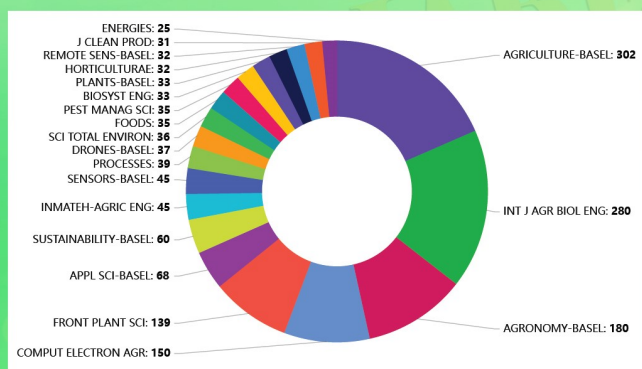

The International Journal of Agricultural and Biological Engineering (IJABE) is an international peer-reviewed open-access journal sponsored and published jointly by the US-based Association of Overseas Chinese Agricultural, Biological and Food Engineers (AOCABFE) and the Chinese Society of Agricultural Engineering (CSAE). IJABE received its latest journal impact factor of 2.4, according to the 2022 update of Journal Citation Reports® (JCR2022) released by Clarivate Analytics on June 28, 2023. Based on the JIF value, IJABE ranks 7th out of 14 SCI-indexed journals in the category of agricultural engineering, located in Quartile 2 (Q2). IJABE has been indexed and abstracted by Web of Science Core Collection since 2013. In 2016, IJABE received the first impact factor of 1.007, ranking 7th out of 14 SCI-indexed agricultural engineering journals in the world in JCR2015.

IJABE aims at facilitating the development of agricultural and biological engineering, promoting the prosperity of academics, and improving international academic exchange and cooperation. IJABE strives to publish the latest high-quality researches from a diverse array of topics from the international community.

We are sure that with the rapid evolution of the digital age and interdisciplinary technologies, we are being offered tremendous opportunities to shape the future of our field and make a visible impact with the journal. IJABE, via strict and serious peer-review, ensures to serve as the leading global source of high-quality papers in the field of agricultural and biological engineering. It is a win-win among authors, readers, and editors. Therefore, we are thrilled to work with all of you—readers, authors, reviewers, section editors, Editorial Board members, and IJABE professional staff—to support and promote the further development of IJABE as the ideal platform to report new scientific findings and exchange new ideas. Together for a shared future, we will continue the success of IJABE and bring it to the next higher level. We welcome your comments, suggestions, and feedback at ijabe@sina.com.

Thank you to all our authors, readers, reviewers, and editors!
